Lakshya Aggarwal

Apps/Sys Engineer @ Adobe | Certified AEM & AEM Forms
Developer
Ghaziabad, Uttar Pradesh, India

Summary

As a Solutions Consultant at Adobe since 2021, I support innovative solutions leveraging expertise in Adobe Experience Manager (AEM), Python, and Java to meet organizational goals. With a Bachelor of Engineering in Computer Science from the Maharashtra Institute of Technology, my academic foundation complements my professional journey, which includes roles at TechChefz, where I contributed to technology implementations. Certified in AEM Sites and Forms Development, I bring a blend of technical skills and problem-solving capabilities to enhance digital transformation initiatives. Skilled in multilingual communication, I collaborate effectively across diverse teams.

Experience

Adobe

4 years 5 months

Apps/Sys Engineer

June 2025 - Present (8 months)

Noida, Uttar Pradesh, India

- Developed innovative demos and proof of concepts (POCs) to highlight the latest features of enterprise Adobe tools.
- Leveraged AI technologies to enhance the functionality and appeal of applications.
- Collaborated with cross-functional teams to ensure alignment on project goals and deliverables.

Solutions Consultant

September 2021 - Present (4 years 5 months)

Noida, Uttar Pradesh, India

TechChefz (TCZ Digital Private Limited)

2 years 6 months

Senior Associate Technology

January 2021 - August 2021 (8 months)

Okhla, Delhi, India

I played a pivotal role in advancing the Royal Enfield account by implementing innovative solutions and ensuring compliance.

- Spearheaded the migration from AEM 6.3 to AEM 6.5, enhancing platform capabilities.
- Developed custom email services and PDF builder modules for seamless project integration.
- Contributed to a multi-locale, multi-lingual CMS platform, improving user engagement and accessibility.

Associate Technology

May 2019 - January 2021 (1 year 9 months)

New Delhi Area, India

Intern

March 2019 - May 2019 (3 months)

New Delhi, Delhi, India

Ziasy Technologies

Mobile Application Developer

September 2018 - November 2018 (3 months)

I played a key role in enhancing an Android music application through innovative feature development.

- Created a synchronized lyrics scroller to improve user interaction and enjoyment.
- Developed a dual recording feature enabling users to capture audio and video simultaneously.

Saathi Re

Software Engineer

January 2018 - August 2018 (8 months)

Gurgaon, India

- Developed various modules in Django, including a web scraper for social site links.
- Created a log analyzer to efficiently analyze Elastic Search logs.
- Automated the creation of WordPress websites using Google Forms, enhancing user experience.
- Contributed to Saathi Re, a startup focused on innovative tech solutions in Gurgaon, India.
